

Celebrating a Master Pilot old and bold or did he just pay attention

Performance, yours and the aircrafts need to remain at a peak if the numbers in the book are to be trusted. Know how your aircraft is being maintained, test it, pay attention to it, watch for signs and symptoms of a weakened aircraft. 50+ years and he's still in aviation! Awarded to Virgil Olson for over 50 years of aviation dedication and safety. Simply put "He hasn't left one up there yet".

Directions: From Highway 83 North near Minot Airport turn East onto 34th Ave NE, the museum is ahead and on your right.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
